Langley, Virginia

Dear Mr. Lundahl:

The grant for the pilot program in support of the senior and master research thesis has been announced. I am attaching the news release.

The Photographic Science and Instrumentation faculty join me in expressing our gratitude to you and your organization for making the grant possible. Please convey our appreciation to Colonel Gordon Sowers and his staff for their cooperation.

We are sure that the students will respond enthusiastically and that they will make efficient use of the resources which you have made available.

I am looking forward to visiting your organization in December and will discuss the early progress of the program with you at that time.

Sincerely,

*Bill*
